

InitialCondition.h

```
graph BT; MS[MainSolver.cpp] --> IC[InitialCondition.h];
```

The diagram illustrates a file dependency. A box labeled 'MainSolver.cpp' at the bottom has a blue arrow pointing upwards to a box labeled 'InitialCondition.h' at the top. The 'InitialCondition.h' box has a light gray background, while the 'MainSolver.cpp' box has a white background. Both boxes have a black border.

MainSolver.cpp
